Founded in 1919, The Chocolate Shop was originally an Ice Cream Parlour & Soda Fountain. In the 1930's Harry moved to 329 West State Street and replaced the ice cream with beer and the iconic Harry's Chocolate Shop was born. It wasn't until 1967 that Harry's received the first Tavern Permit and added alcohol to the menu. Harry's had the only Tavern Permit for many years in West Lafayette. This is a Purdue must-see!

Exercise caution while consuming their house specialty drinks, like the Long Beach and Alabama Slammer... they pack a punch! [Website](#)

Guided Nature Walk Celery Bog

Start the morning off with some fresh air and a guided tour of West Lafayette's nature park. Enjoy the walking paths and learn about the ecosystem from the park naturalist.

For much of the 20th century, the wetland was drained and farmed. Celery, as well as other crops, was grown in the rich peat of the drained wetland. The wetland and important nearby sites are now preserved as the Celery Bog Nature Area. This area is listed as a "significant ecological site" by the Indiana Natural Heritage Program and it has become an important park in the area.

Behind-the-Scenes: Purdue Athletics

Division One Boilermaker Athletics is a top program in the country. **Don't miss this unique opportunity for a guided walking tour of the newly renovated athletic complex at Purdue University.**
